

Web Developer Fullstack (m/f/d)

WIENFLUSS is developing sophisticated and user-friendly web sites and web applications – if you are up to the challenge, join us in our efforts to make the web a better place.

Your tasks ...

- » Implementing websites and web applications
- » Involvement in a wide range of projects based on different tech stacks
- » Developing using web-centric programming languages (PHP and JavaScript) and frameworks
- » Working with different content management systems, application frameworks and database systems

Your qualifications ...

We expect skills in the following areas:

- » PHP-based development
- » Modern JavaScript development
- » Good knowledge of HTML and CSS
- » Experience with templating languages and CMS
- » Modern software development practices
- » Knowledge of common design patterns to build user-friendly interfaces

Additional optional skills and qualifications:

- » Open source CMS: WordPress, Craft CMS, webEdition and others including different templating languages
- » Experience with build tools, Elasticsearch, NodeJS, Docker, etc.
- » Database systems, such as MySQL, PostgreSQL, etc.
- » Experience with Vue.js, React or other JavaScript frameworks
- » Configuration and setup of hosting environments (nginx, Apache)
- » UX, usability, interaction design, information architecture

We expect ...

- » Work experience, relevant education or references in the field of web development
- » Personal commitment, positive work attitude and willingness to learn
- » Willingness to work both as part of a team and independently
- » High quality awareness
- » Willingness to work across disciplines
- » Very good knowledge of German and/or English
- » EU citizenship or a valid work permit for Austria

Web Developer Fullstack (m/f/d)

We offer ...

- » Permanent full-time position (part-time with a minimum of 30 h per week possible)
- » Flexible working hours and fair working conditions
- » Qualification opportunities
- » Being part of a committed and supportive team
- » Regular team activities
- » Flexible home office solution available after onboarding period
- » Office in a central location in the city of Vienna

The minimum full-time gross salary corresponds to the IT collective agreement: € 3.724 per month (ST1 regular level 2024) or € 3.077 per month (ST1 entry level 2024), but may be higher depending on professional qualifications and experience. The salary will be paid 14 times a year.

About us ...

WIENFLUSS (www.wienfluss.net) develops sophisticated web solutions for renowned clients. In the field of digital accessibility we are one of the leading agencies in Austria.

We are based in central Vienna near MuseumsQuartier. You will work in a team of 15 people with different backgrounds and expertise.

Your application

We look forward to receiving your application:

- » Cover letter / letter of motivation
- » Curriculum vitae and references
- » Salary expectations
- » For non-EU citizens: information regarding your work permit

Please send your application in German or English to: jobs@wienfluss.net.

We do not accept applications from freelancers or agencies.

If we consider your application, you will receive a short questionnaire to self-assess your qualifications.
